

“ My favorite songs are definitely either *about* Jesus, or sung *to* Jesus—I guess that’s ‘the max’ for me! I’m grateful for the gifts of music, songwriting and singing that He’s given me, and as Eric Little said in the movie *Chariots of Fire*, “I feel His pleasure” when I sing to Him or about Him!—

When I’m doing what He created me for! I’m so grateful for the beautiful jewels He’s given me personally, and for the joy of singing some of the beautiful songs on this CD!

“ With All That’s Within Me I woke very early one morning feeling quite rested and felt the desire to have some extra “meditation moments,” shall we say. As the Lord and I started getting “closer,” I was feeling quite moved and He encouraged me to put pen to paper and to “describe what I was feeling.” This is what came out and it is one of my most popular and well-received songs to date. It’s easy to see why—I didn’t write it—He did.

“ My songs often start out when I am talking to the Lord and telling Him something, whether it be how magnificent I think He is, or how much I enjoy His presence in the beautiful things He has created, or how grateful I am to Him for saving me. When I sense that there isn’t a song that expresses that exact thought, then something is born in my heart that I long to put into music and lyrics. I know that only His Spirit can help me to even find the words, so I ask Him to help me in the creative process, which I truly believe is a miracle every time.
